ROSELAND LA 70456**

Dear Fellow Cattleman,

Welcome everyone to our 14th annual South Poll field day! The popularity and growth of our breed has been phenomenal. With maternal traits and efficient size driving our breeding decisions, I believe South Poll will be in demand for many years to come. For the cow/calf breeder adaptability, fertility and longevity are a lot more important than any growth EPD or any single carcass trait. That's not to say that South Poll won't eat good. By nature they are gentle and the meat is as good, or better than English breeds in shear force and actual taste test. In the end, the thing that makes a breed great is the breeders. Honest, well kept records on the whole herd is the best way to identify the best (most profitable) cows in your herd, the cows that have adapted to your environment, management and grasses. We are blessed with some good breeders who have given the extra time and energy it takes to promote our breed. Come see what we believe to be the best "harvesters" for the southern grass grower!! Talk to our breeders ...look at the cattle...judge for yourself if South Polls have a place on your farm .

Thank you,  
Teddy

## Welcome to the 14th Annual South Poll Grass Cattle Field Day and Cattle Auction!

My wife, Julia and I would like to welcome you to the 14th Annual South Poll Grass Cattle Association Field Day & Auction. We are thrilled to share this experience with you at our home in South Louisiana.

Our South Poll journey began in December 2017. We started with 20 bred heifers from Brown's Creek and also one of J.A. Girgenti's best-bred cows.

In early 2018, we acquired another 12 heifers from Rock Creek Farms and have also purchased some amazing additions from Voss Land & Cattle, Bent Tree and Sumners Farm over the past 4 years.

To gain additional quality and diversity to our herd we have used quite a bit of artificial insemination. At the Field Day in 2018, we purchased our herd sire, "Romeo" and he has been a great addition, producing some of our best calves each season.

We would like to take this opportunity to thank a few people who have been most instrumental in our journey. First, J.A. & Nic Girgenti, who have helped with the education of the South Poll breed, as well as any other help we have needed at our ranch. Without their help, we would not have made the strides that we have. We would also like to thank Dave Roberts, Andy Sumners, Randy Whisonant, Ralph Voss, Doug Rodgers & Bruce Shanks for their help and support.

We look forward to your company and hope your stay is educational and enjoyable!

"Laissez les bons temps rouler" (Let the good times roll!)

Stoney & Julia Ware  
4th Quarter Ranch, LLC

## SALE RULES

1. All interested buyers must sign in at registration & receive a buyer number. Settlement by cash or check must be made with clerk immediately following auction and before cattle are loaded.
2. All animals for sale will be identified by Lot Number.
3. Suggested opening bid price will be \$1,500 on heifers, \$2,000 on bulls and \$2,000 on cow/calf pairs. If animals do not meet minimum, they will be considered "No Sale".
4. All animals will be available for viewing after 9 am on Friday, June 25.
5. Cattle will be sold as listed in catalog at 3 p.m. on Saturday, June 26.  
More information will be available sale day.
6. Trucking will be available sale day at buyer expense. Cattle may not be loaded until after conclusion of field day. Cattle may be left at the farm for a reasonable time, if prior arrangements are made with landowner.
7. Any corrections of printed material will be addressed prior to the sale. Announcements made will supersede any catalog information.
8. All weaning age cattle being sold without dam at side, must be weaned 30 days prior to the auction.
9. All sale cattle must be registered by consignor prior to being listed in the SPGCA sale catalog. Registration certificate on each animal will be transferred to the buyer at the association's expense. The buyer should be sure to give the clerk the proper name and address for making transfers.
10. A current health certificate is required on each consigned animal upon arrival. After the auction health certificates will be furnished on all sold animals as required for shipping.
11. Non-virgin bulls or bulls greater than 12 months of age must be Trichomoniasis tested and negative results must accompany the bull upon arrival. These bulls must also pass a breeding soundness exam prior to the sale.  
Mail or phone bids will be accepted, but arrangements must be made in advance by calling South Poll Grass Cattle Assn. officials at 256-996-8355.
12. All persons who attend this sale do so at their own risk and owners assume no liability or otherwise for any accidents which may occur.
13. Seller of animal must be a current member of the SPGCA.
14. SPGCA has the right to visually inspect and deny/refuse any cattle delivered for field day auction to maintain the standards expected of our breed.
15. All animals are consigned at the risk of the owner.
16. All animals must arrive at the sale location by 5:00 pm, Thursday, June 24th to allow for sale preparation.
- 17.

## **COWBOY AUCTION FORMAT**

Each animal to be sold to the highest bidder. All cattle will have a base price as listed on rule #3. If more than one buyer is interested in purchasing a lot, the base price will be raised in \$100 increments until only one bidder is left.

# Teddy Gentry

Teddy Gentry, bass player for the county music group Alabama, was born and raised on Lookout Mountain in Fort Payne, Alabama. He, and his wife, Linda, have two children, five grandchildren, and one great grandchild. After receiving his first check from RCA records in 1980 for \$61,000, he purchased 60 acres from his grandfather, which he called Bent Tree Farms.

Teddy started the South Poll breed in 1989 when he got the idea to genetically combine the best traits of four maternal Bos Taurus breeds to form a more heat tolerant animal that would work for his cattle operation. The South Poll is a four way cross of Hereford, Red Angus, Senepol, and Barzona. He wanted an animal with a gentle disposition and would produce tender beef on grass.

Bent Tree Farms is the home of the South Poll. Our cattle are always grass fed and naturally pasture raised.

## **Cooper & Katie Hurst Hunt Hill Cattle Co.**

Hunt Hill Cattle Company is a commercial cow-calf operation in Woodville, Mississippi. Controlling expensive inputs has been addressed through efforts to improve land resources and soil fertility in order to grow more forage. Over the last fifteen years, the following strategies have put us on the right path:

1. Adaptive Multi-Paddock Grazing
2. Low-Stress Stockmanship
3. Implementation of the Principles of Soil Health
4. Genetic Changes in the Cow Herd to Fit Our Environment

Our goal is a fully regenerative system that allows year-round grazing, providing proper nutrition for all livestock at the lowest possible cost. Soil health is the foundation of our mission statement. We have learned to be “systems” thinkers and manage holistically. We have a strong desire to prove and quantify our belief that proper grazing, stockmanship, soil health strategies, and cattle that fit our environment, are good for our balance sheet, the environment, our quality of life and society as a whole.

## **Becky Szarzynski**

Becky, a Virginian native, grew up on her family's farm raising angus beef cattle. After leaving university early to pursue a life in agriculture, she started exploring new farming techniques that would allow her to revitalize the land and grow the family's farming business. She has been employed on various farming operations including grass-fed and conventional dairies as well as beef cattle operations. Currently she works with her father on Mountain Glen Farm where they raise South Poll Grass Cattle using intensive and adaptive rotational grazing practices utilizing naturalized pastures, native warm season grasses, and cool season perennials.

Becky has expanded her involvement in the agricultural community by coordinating a Farmer-to Farmer Mentor Program within the state of Virginia helping new graziers get paired with experienced graziers to create a relationship of sharing experiences and knowledge.

Becky is serving on the Virginia Forage and Grassland Council board of directors, the South Poll Board, and the Virginia Soil Health Coalition Steering Committee. While she continues to work diligently on increasing the public's knowledge of agricultural life through online videos and vlogs on her YouTube channel, her main priorities are focused on her family's farm and helping other farmers with their farming journey.

**CONFIRMED FALL BRED MULTIPLE REGISTERED SIRE SOUTH POLL (SIREs- 1586,8401,5417,817)**

**The Shanks Family**

165 Sassafras Valley Lane, Belle, MO 65013  
www.sassafrasvalleyranch.com | (573) 578-3945

We know and understand the cattle industry and have the genetics to **simplify** your operation.

We raise gentle, easy-fleshing, moderate-sized South Poll cattle that are selected on fescue for fertility, hardiness, and longevity. "Mother Nature" is our best genetic selection tool!

We are **truly** a low-input operation. Our cattle are raised on forage, hay, and mineral with no additional inputs!

Heifers are managed like cows; No second chances for any females!

We have thriving steer sales to grass-finishers. Only top bulls make the cut!
