

**18TH ANNUAL
SOUTH POLL GRASS CATTLE ASSOCIATION
FIELD DAY AND AUCTION**

**SEPTEMBER 18-19, 2026
UNITY FARMS
HARRODSBURG, KY**

Welcome everyone to our South Poll Field Day! We are amazed at the turnout for our Field Day the past few years and, like a lot of folks, we couldn't be more excited about the future of our little breed!

I won't take a lot of your time today to talk about the South Poll but I do invite you to come view and decide for yourself if these little cows are right for you.

Please bid responsibly and smart on our cowboy auction! Please feel free to ask me or any board member any questions you may have about the cattle or our breed in general.

Be safe in your travels and we look forward to sharing and learning about our South Poll breed and how to make it more profitable and more enjoyable for the commercial beef producer down the road.

Warning!! You could fall in love with this gentle, highly fertile, long living little breed!!

Look forward to seeing you at the Field Day!!

A handwritten signature in black ink, which appears to read "Teddy Jenkins". The signature is fluid and cursive, with a long horizontal stroke at the beginning.

Driving Directions to Unity Farms

943 Unity Road, Harrodsburg, KY 40330

From Bardstown, KY

1. Stay on the Bluegrass Parkway until Exit 59A (US-127/ Harrodsburg/Lawrenceburg).
2. At the end of the exit ramp, turn right onto US-127 South toward Harrodsburg.
3. Continue on US-127 South
4. Turn left onto Cummins Ferry Road (KY-1988)
5. Follow Cummins Ferry Road for approximately 1.5 miles.
6. Turn right onto Unity Road
7. Continue on Unity Road to 943 Unity Road, which will be on your left.

From Lexington or Louisville, KY/ 64

1. Take Exit 53A for US-127 South toward Lawrenceburg/ Harrodsburg.
2. Merge onto US-127 South and continue for approximately 20 miles.
3. Turn left onto Cummins Ferry Road (KY-1988).
4. Continue on Cummins Ferry Road for about 1½ miles.
5. Turn right onto Unity Road.
6. Address will be on the left.

From Danville, KY/127 S

1. Travel north on US-127.
2. Pass through Harrodsburg and continue north.
3. Turn right onto Cummins Ferry Road (KY-1988)
4. Follow Cummins Ferry Road for approximately 1.5 miles.
5. Turn right onto Unity Road.
6. Continue on Unity Road to 943 Unity Road.

UNITY FARMS

Welcome to Unity Farms

On behalf of our family, welcome to Unity Farms. We're honored to host the South Poll Grass Cattle Association Field Day and sincerely grateful to the Association for entrusting us with this opportunity.

We felt a clear calling to share, inspire, and promote our passion for land and livestock stewardship. That calling continues to shape everything we do. Our primary tool is observation — a gift from God. As James 1:17 reminds us, "Every good and perfect gift is from above, and comes down from the Father of lights." We believe the ability to observe, learn from creation, and steward it wisely is one of those gifts. By focusing on biological and ecological function, we strive to work with natural processes that build healthier soils, more resilient forage, and functional livestock.

Over the years, we began asking hard questions about the long-term impact of our management on the land, livestock, and the families who depend on them. Those questions led us to a simple conviction: when we work with creation rather than against it, we build systems that are both ecologically and economically resilient.

Today, our focus is developing South Poll cattle that thrive on forage while stewarding the land in a way that leaves it better for the next generation. We believe healthy ecosystems, productive livestock, and profitable farms are all connected.

Whether you're here to learn, exchange ideas, or build lasting friendships, we hope your time at Unity Farms is both encouraging and practical. Thank you for being here, and welcome to Unity Farms.

With gratitude, Nathan, Ellie, Sadie & Matthew Hahn, Unity Farms

A MESSAGE FROM THE SOUTH POLL REGISTRY OFFICE

I'm Jake Renner, the Executive Director for the National Center for Beef Excellence. Throughout my career in Cooperative Extension, breed association leadership, and agricultural business development, for the past twelve years I've worked directly with ranchers, built educational programs, strengthened organizations, and advocated for the beef industry. I'm grateful to now bring that experience to NCBE and to the South Poll community.

I look forward to continuing the strong relationship between NCBE and SPGCA to promote the breed, strengthen member services, and advocate for the breed. My goal is to ensure SPGCA continues providing the tools, resources, and support that help you succeed.

I believe the best organizations are built by listening to their members, and I encourage you to reach out with your ideas, questions, and feedback. I look forward to getting to know each of you and working together to continue building a strong future for the South Poll breed.

Thank you for the warm welcome. I'm excited for what lies ahead.

South Poll Grass Cattle Association 18th Annual Field Day & Auction September 18 & 19, 2026

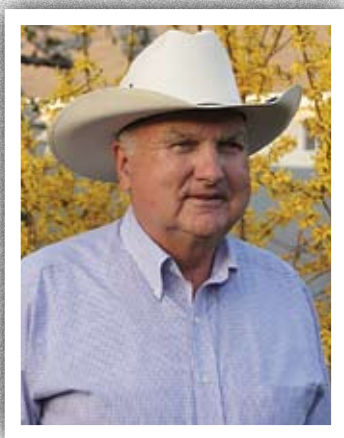

SALE RULES

1. All winning bidders will be required to present a valid driver's license for copy. Absentee bidders will have the option to pay via check.
2. Bidders will register for a bidder number at the field day.
3. All animals will be identified by lot number.
4. Suggested opening bid price will be \$2500 on heifers; \$3000 on bulls; \$3000 on cow/calf pairs. If animals do not meet the minimum, they will be considered "No Sale".
5. All animals will be available for viewing after 8:00 A.M. on Friday, September 18, 2026
6. Cattle will be sold according to Lot Number at 3:00 P.M. on Saturday, September 19, 2026
7. Trucking may be available on sale day at **buyer expense**. Cattle may not be loaded until after the conclusion of the field day. If prior arrangements have been made with the landowner, cattle may be held for up to 48 hours after the sale. **All animals, once sold, become the sole responsibility of the buyer.**
8. Any corrections of printed or published materials will be addressed prior to the sale.
9. All weaning age animals being sold without the dam at side, must be weaned 30 days prior to the auction.
10. All sale animals must be registered by consignor prior to being listed in the SPGCA sale catalog. Registration certificates will be transferred to the buyer at the SPGCA association expense. The buyer is responsible for submitting the proper contact information to the clerk for making transfers.
11. A current health certificate is required on each animal consigned upon arrival at the sale. Certificates can also be sent in ahead of time via email at info@southpoll.com. After the auction, health certificates will be issued to all sold animals as required for shipping.
12. Non-virgin bulls or bulls greater than 12 months of age must be Trichomoniasis tested and negative results must accompany bulls upon arrival. These bulls must also pass a breeding soundness exam prior to the sale.
13. Mail or phone bids will be accepted, but arrangements must be made in advance- please see Rule 1.
14. All persons who attend this sale do so at their own risk and owners/hosts and/or the SPGCA assumes no liability or otherwise for any accidents that may occur.
15. All consignors must be current members of the SPGCA.
16. SPGCA has the right to visually inspect and deny/refuse any animals delivered for the Field Day auction to maintain the standards expected of our breed.
17. All transactions are between the seller and buyer.

COWBOY AUCTION FORMAT

Each animal to be sold to the highest bidder. All cattle will have a base price as listed on rule #4. If more than one buyer is interested in purchasing a lot, the base price will be raised in a minimum of \$100 increments until only one bidder is left.

Speaker: Burke Teichert

Burke was raised on a family ranch in western Wyoming. His father and grandfather were ahead of their time in understanding the importance of low-input, low cost agriculture.

After high school, he went to BYU to study Agricultural Economics with an emphasis in AgBusiness. He also served a 2 ½ year mission for his church in Brazil. Upon graduating from BYU, he

went to the University of Wyoming to get a M.S. in Agricultural Economics with emphasis in Farm and Ranch Management.

While at UW he became acquainted with a very good Ranch Economist that taught him excellent methods for analyzing alternative methods of operating ranches or bringing new practices to them. He also visited 40+ ranches in the state to collect data for his M.S. thesis. Some of those visits turned out to be life-long thought changers. Following graduation, Burke served on the UW Ag. Economics faculty for one year.

After his time at the University of Wyoming, Burke spent a few years in the Artificial Insemination industry where he was put in touch with some of the best Animal Scientists in America—several of whom became mentors. This was a very valuable addition to the Agricultural Economics formal education.

Burke has managed cattle ranches in a variety of locations and has had managerial oversight of two large farms and a dairy. He has also traveled extensively in the U.S. and in parts of Canada and Central and South America as well as England, Australia and New Zealand either on company business or as a consultant or speaker.

This fullblood cow is 5 years old and in the prime of her life. She is an easy fleshing cow with many productive years ahead of her. She sells with her March born bull calf. This calf has excellent herd bull potential with the great 1307 cow and Holiday 1202 bull on both sides of his pedigree. This pair offers the opportunity to add an outstanding male and female to your herd.

Eye-catching, well-made heifer with a feminine body shape—deep-sided, easy-fleshing, and efficient on grass. Out of a productive 10-year-old dam with proven longevity, fertility, and maternal performance. Sired by SMT 2287, backed by an elite pedigree featuring Dandy, Casanova, Romeo, Chief, and Otium’s Uno. Built on generations of proven maternal genetics with the potential to become a productive, long-lasting brood cow.

A good looking, solid heifer with a pedigree full of successful females. This heifer traces back to dams MT 5440 and VLCC 368, two "honor roll" females from the Voss Land & Cattle Company herd who have produced nothing but top quality females with long calving careers. If you want a female from a family of perfect mothers look no further. Her sire ICF Redman 170 produces some of the slickest, meatiest calves we've raised. This heifer is confirmed bred to ICF 215 (#70911) for a Spring 2027 calf.

Confirmed bred to SVR 02325, a thick-bodied H616 son. This slick-hided heifer is our stand-out female from our 2025 group. Her pedigree represents some fantastic South Poll families on both sides. She has been raised on fescue and mixed grass forages, hot wire broke, and only inputs are a solid mineral program. Her dam calved as a 2 year old and is a beautiful front pasture female, with a remarkable udder.

SVR 08125 is a chromed-up, big-gutted daughter of SVR 04418. 04418 calved as a two-year old (3/30/20; reg no 43190), and every year since (5/5/21, reg no 45436; 4/22/2022, reg no 49189; 4/2/23, reg no 52421; and 4/4/24, reg no 57636) and has been maintained her whole life on forage/fescue hay and mineral with no dewormer or other supplements. SVR 08125 was sired by Mr. Colors (05417) and was vaccinated (no dewormer) and weaned in mid-October 2024 and has been maintained on stockpiled fescue, dry hay, and mineral with no other supplements. She will be bred to SVR 08124 (05417 x 00914), SVR 06323 (6409 x 00914 daughter), or SVR 02425 (H616 x 02214).

GBF 530 is the kind of female that is hard to let go. She stems from the heart of our program as a daughter of GBF 0213, a productive 6-year-old cow that has raised five outstanding calves. Deep-bodied, easy-fleshing, and backed by a proven maternal pedigree, GBF 530 offers the look, function, and longevity cattlemen value. She sells confirmed bred by sale day, with the service sire being either BTF 3422 or GBF 505.

#2509 is a moderate framed FB heifer out of one of our proven 7-year-old home grown ECC cows. She was our ninth calf born in 2025 and is ready to be producer in your herd for years to come. She's trained on hot-wire and paddock moves every 2-3 days. She's another great result of our low input salt, mineral, grass and hay only program. Fully vaccinated on 11/23/25 (no de-wormer) and weaned 1/3/26. She is confirmed bred, exposed to both VLCC 204X (Cert# 58315) and VLCC 354 (Cert# 61158) for 60 days starting 6/20/26.

#2504 is a slick hided FB heifer out of one of our easy keeping 7-year-old homegrown ECC cows. She was our fourth calf born in 2025 and is ready to be an all-star maternal cow in your program. She's trained on hotwire and paddock moves every 2-3 days. She is a product of our ECC low input salt, mineral, grass and hay only program. Fully vaccinated on 11/23/25 (no de-wormer) and weaned 1/3/26. She is confirmed bred, exposed to both VLCC 204X (Cert# 58315) and VLCC 354 (Cert# 61158) for 60 days starting 6/20/26.

#2505 is a deep bodied FB heifer out of one of our younger 4-year-old home grown ECC cows. She was our fifth calf born in 2025 and is ready to be a producer for years to come. She's trained on hotwire moves every 2-3 days. A great example of our ECC low input salt, mineral, grass and hay only program. Fully vaccinated on 11/23/25 (no de-wormer) and weaned 1/3/26. She is confirmed bred, exposed to both VLCC 204X (Cert# 58315) and VLCC 354 (Cert# 61158) for 60 days starting 6/20/26.

This special white-face bred heifer was born and raised at Sassafras Valley Ranch in Missouri under SVR “no-second-chances” management. In her pedigree you will find 5440, the best bull ever owned by SVR and the ONE AND ONLY 1307, one of the very best South Poll cows ever. Each of the 3 bulls she has been exposed to have 1307 influence! Add some awesome genetics to your herd with this heifer.

This may be the nicest female we have ever consigned to the sale. Her dam is a 12-year-old that calved as a two-year old (3/31/16; reg no 37302) and every year since (4/15/17, steer; 3/25/18, reg no 40215; 5/15/19, steer; 4/20/20, reg no 43241; 4/14/21, reg no 45945; 4/10/22, reg no 49191; 4/9/23, reg no 52498; and 4/9/24, reg no 56707). SVR 00925 was weaned in mid-October 2024 and has been maintained on stockpiled fescue, dry hay, and mineral with no other supplements. She will be bred to SVR 08124, SVR 06323, or SVR 02425.

This beautiful heifer is genetically loaded with fertility and longevity throughout her bloodline. The females in her pedigree have decades of production, near perfect udders and great mothering ability. Her pedigree is loaded with powerhouse bulls we all want in our pastures. This heifer can be a foundational piece of any herd and she is confirmed bred to ICF 215 (#70911) for a Spring 2027 calf.

You wanted the best, you got it! This heifer is a product of our two very best foundational female families. Her dam is the daughter of the 20 year old, still producing MT 6066. As good as MT 6066 is her daughter, VLCC 386, the dam of heifer 245, has proven to be an even better producer. Top that off with a sire from the legendary MT 5440 cow family and you have what every producer wants...a young fullblood female from a proven bloodline with exceptional fertility and longevity. This heifer is confirmed bred to ICF 215 (#70911) for a Spring 2027 calf.

We consider FERTILITY the
most important trait!

4TH QUARTER RANCH

Roseland, LA • (504) 669-5100 • info@4thqtrranch.com
<https://4thqtrranch.com/>

We are committed to improving the quality of our genetics every day through careful selection, strategic artificial insemination using the breed's best bulls, the purchase of top-quality sires, and comprehensive DNA testing of all our animals — all with the goal of producing some of the best South Poll cattle in the breed.

Famous Bulls we have used with Artificial Insemination to improve our Genetics:

24	340	3413	6400	9422	BC10
200	869	5440	6413	8401 (Broadway)	H616

Registration #42054, Tag 9422

We know and understand the cattle industry and have the genetics to simplify your operation. We raise gentle, easy-fleshing, moderate-sized South Poll cattle that are selected on fescue for fertility, hardiness, and longevity. "Mother Nature" is our best genetic selection tool! We are truly a low-input operation. Our cattle are raised on forage, hay, and mineral with no additional inputs! Heifers are managed like cows; No second chances for any females! We have thriving steer sales to grass-finishers. Only top bulls make the cut!

Bulls | Heifers | Semen | Steers for Grass-Finishers | Katahdin Sheep
